

New: The Excellence CC and Jumping Saddle – powered by Ingrid Klimke!

The new, sporty Excellence Cross Country and Jumping Saddle was developed in cooperation with master rider and Passier partner Ingrid Klimke. The combination of highest quality and convenient features convinces immediately!

Modern look: The saddle has a sporty look with design leather inset “Grid” on the small calf blocks and light decorative stitching.

Highest comfort: The wide, soft saddle tree offers the rider plenty of room when riding cross-country and also on the jumping course. The narrow twist enables the rider to have direct contact with the horse. The skirt, which is softly doubled with Selloil Leather and the soft knee inserts and the calf blocks on top of the flap ensure perfect hold.

Uncompromising horse-friendliness: The freedom panels with flat gusseted panel and a gusseted panel at the front make for a smooth and comfortable fit on the horse’s back.

The Passier Excellence Cross Country and Jumping Saddle powered by Ingrid Klimke is available in the colors Black and Havana and in sizes from 16” to 19” from selected Passier stockists. You can easily find Passier dealerships in your area with the Store-Locator at passier.com.
