

Take it easy: The PASSIERBLU Easy Breastplate

The PASSIERBLU Easy Breastplate is the latest addition to our portfolio and an absolute dream breastplate!

So soft: The breastplate is made from finest Passier leather and very softly lined!

Long bridge: It features an extra-long bridge strap across the withers, which is also softly lined.

Side straps with loops: The narrow side straps come with loops for easy attachment to the saddle straps and thus ensure a secure hold.

Belly strap with snap hook: The belly strap can easily be attached to the saddle girth with its snap hook.

Removable martingale attachment: The martingale attachment also comes with a snap hook and can easily be removed and re-attached!

The PASSIERBLU Easy Breastplate is available in Black with stainless steel fittings and in Havana with stainless steel or brass fittings. More information and (web) addresses of the stockists at www.passier.com.
